

BRIDGE TO LIGHT AWARDS

June 21st 2019
Audubon Country Club
3265 Robin Club
Louisville KY 40213

The Bridgehaven/Solutions Bridge to Light Awards were established to provide recognition and to honor individuals working in the field of Behavioral Health and making a difference in the lives of the people they serve and colleagues. The awards are designed not only to offer recognition, but to bring awareness to how pervasive behavioral health issues are and emphasize the hope there is for recovery thanks to the help of mental health professionals.

Communities across Kentucky face the challenges of behavioral health issues experienced by residents every day. We hope to use this award as a way to educate, inspire and recognize so that we all can contribute to the well-being of those who desperately need our expertise and services.
